Senior Athlete Tribute: Western Hills HS Wrestling Team

From Fort Worth ISD

District Shares Guidance on Services and Support for 2020-21 School Year

Over the coming weeks, Fort Worth ISD will share more information as we continue to develop and fine-tune plans for the fall, including how in-person and virtual instruction will look like for students. Under the banner of Fort Worth ISD Forward, we will provide answers to the questions you are asking.

Online instruction for the 2020-21 school year will be robust, organized, and a consistent experience for all students.

Here are some standards the Fort Worth ISD will follow regarding virtual learning:

- Teachers will have planned availability for students – including scheduled office hours.
- Direct instruction will be delivered by teachers – students will be able to get teacher support when needed, and students will know how and when they can interact with their teachers.

(continued on page 2)

Western Hills High School wrestling team members include: (back row, l-r) Coach **Heath Jackson**, **David Haney**, **Tyriq Jackson**, **Jorge Rios-Rodriguez**; (front row, l-r) **Guillermo San Juan**, **Christopher Howard**, **Aaliyah Ruiz** and **Mykayla Rudnicki**.

The Western Hills wrestling team was fortunate to get their entire 2019-20 season in and perhaps even more fortunate to not have any seniors on the squad whose school year was cut short by COVID-19 pandemic.

This will not be the case for this coming school year, however, and coach Heath Jackson said his athletes have had to adapt.

“Our off-season spring schedule was interrupted and, fortunately, we had individual strength training and conditioning work out plans that we implemented for spring and summer,” Jackson said. “We are waiting to hear from UIL if we will even be competing in wrestling this year. With continual close contact, wrestling is still in question. I am very confident of the plan and implementation that our district is putting together for our athletic programs. I feel that the safety of our students and coaches is of top priority during this time.”

The incoming seniors include Chris Howard, Tyriq Jackson, and Aaliya Ruiz and Jackson said he is excited about what they each bring to the table.

“This group of seniors have been with the program for three years,” Jackson said. “Their type of consistent dedication and work ethic has greatly contributed to the fact that Western Hills has been to the state championships four out of the last six years. We are a very small team with huge success.”

Jackson said his expectations for this season are two-fold.

“I’m expecting all my seniors to make it to the regional tournament, and we have a strong possibility of at least one wrestler placing at the state tournament,” Jackson said.

With the Cougars having such a small program, Jackson said he would like for his senior wrestlers to play a couple of roles for his year's team.

“I am hoping their continued success will inspire other Western Hills athletes to see the incredible benefits that wrestling brings to athletes,” Jackson said. “Not to mention the success of this program at the post-season tournaments in the last several years.”

District Guidance (continued from page 1)

• Students will receive clear, understandable directions on a daily basis on how to use academic materials.

In-person instruction for the 2020-21 school year will be safe, organized, and an engaging experience for all students.

Here are some standards the Fort Worth ISD will follow regarding in-person learning:

- Staff and students will follow current face-covering guidance.
- Position desks according to current recommendations and utilize barriers where appropriate.
- Increase daily and weekly cleaning and disinfecting protocols.

Due to the COVID-19 pandemic, the District continues to seek guidance from the Center for Disease Control (CDC), the Texas Education Agency (TEA), as well as federal, state, and local regulatory entities. The current plan will be updated accordingly as new guidance is published.

What enrollment options are there for the 2020-2021 school year?

Consistent with guidance provided by the Texas Education Agency (TEA), FWISD will provide parents with the flexibility to choose between traditional in-person instruction within school buildings or a virtual learning environment (i.e., mixed synchronous and asynchronous instructional model).

How will the virtual environment be different for students this fall?

This fall will be significantly different than it was this spring when District educators put together a rapid response to the COVID-19 pandemic. Online instruction for the 2020-21 school year will be robust, organized, and a consistent experience for all students.

Request for Proposals

Benbrook Water Authority (BWA) will accept at the BWA Office, 1121 Mercedes Street, Benbrook, Texas, 76126, sealed proposals for Employee Group Health insurance coverage, until 2:00 p.m. July 31, 2020. Late proposals will not be accepted and will be returned unopened.

Two (2) copies of the sealed proposals will be accepted until the date and local time listed. Each proposal must be in a sealed envelope and labeled with "Employee Group Health Insurance" on the outside of the envelope.

One (1) copy of Specification and any other Request for Proposal documents may be obtained on or after Thursday, July 16, 2020 from the BWA Office, 1121 Mercedes Street, Benbrook, Texas 76126.

Until final award by the Board, BWA reserves the right to reject any or all proposals, waive minor technicalities or to proceed otherwise when in the best interest of BWA.

Please direct all inquiries to Crystal Ramsey, Benbrook Water Authority, (817)249-1250.

Will parents be able to change their decision for a student to receive virtual or face-to-face instruction after the year begins?

We are encouraging our parents to choose an option for an entire semester, but we will work with our families at the conclusion of each 6-weeks grading period, if a change is requested.

Will all teachers return to school this fall?

All staff will return to schools in the fall to support both in-person instruction and teacher directed virtual instruction. In order to provide in-person and virtual instruction and to keep students safely distanced while in-person, all staff will need to be active contributors to both instructional delivery platforms. The instruction delivered virtually will be at the same level as instruction delivered in-person. All staff members may need to support classroom instruction. Some may monitor virtual lessons delivered by a certified teacher in a different room in the building.

What kind of professional development is now and/or will be available to teachers who want to learn more about online instruction and the virtual classroom?

Online professional development is currently available to FWISD teachers and more will be added in the next few weeks. The topics cover a wide range of subjects and can be accessed here.

Further, campuses will create professional development calendars with specific supports for educators that will focus on remote instructional delivery, including content-focused, job-embed-

ded training linked to selected remote learning resources. Training will also cover all grade levels and content areas that are part of remote learning. Additional emphasis will be placed on developing content knowledge of the virtual classroom curriculum and helping (continued on page 3)

District Guidance (continued from page 2)

teachers analyze and respond to data through the use of the instructional materials.

What will traditional in-person instruction look like for students?

Guidance concerning the implementation of in-person instruction for the 2020-2021 school year is forthcoming from the district. FWISD is committed to meeting the unique needs of all students.

What will the virtual learning environment (synchronous and asynchronous) look like for students?

Lessons and content covered during in-person classes will be the same lessons and content covered during virtual classes. Some courses and lessons will be delivered in real-time with two-way communication between teachers and students through the computer or other electronic devices (synchronous instruction). While other courses and lessons will be designed as a curricular experience where students engage in the learning materials on their own time, interacting intermittently with the teacher via computer or other electronic devices (asynchronous instruction). Each campus and specialized program will be unique on how the instruction is delivered according to the personnel resources, appropriate developmental levels of students, and enrollment of students virtually.

FWISD Curriculum Framework will continue to be utilized to facilitate student learning and engagement. The academic work performed by a student who participates in virtual learning will equal the work that is performed by a student in a normal school year. The work will also match – or even exceed – the daily minimums of four hours a day. Students will be provided clear means to engage with academic material on a daily basis. Further, students will be provided with direct and explicit instruction from teachers virtually, as well as be able to access instructional support from teachers. Teacher interactions with students will be predictable and sufficient to support an appropriate instructional schedule. Teacher availability for students (scheduled office hours) will be planned in advance, routine, sufficient for student progress, clearly defined, and published in a readily accessible manner.

How will attendance be defined for face-to-face and virtual instruction?

Per Texas Education Code (TEC), §25.092, students must attend 90% of the days a course is offered (with some exceptions) in order to be awarded credit for the course and/or to be promoted to the next grade. This requirement remains in force during the 2020-21 school year. The district will employ multiple methodologies to determine satisfactory attendance for students receiving instruction via virtual learning environment (mixed synchronous and asynchronous instructional model).

How will student engagement in the virtual environment be monitored?

Student engagement will be tracked daily to ensure students are progressing. Academic progress will be measured via daily data collection, teacher/student interactions; and the completion and submission of assignments. Fort Worth ISD will measure the academic progress of all students.

The data will be used to continuously improve instruction. Instructors will give feedback to students at least every week. This check-in will tell students what steps to take or what academic remediation is needed to improve their performance.

Will traditional and specialized transportation options still be provided?

Both options will be available. Specialized transportation will be provided as outlined by the student's most recent IEP.

What guidance has TEA provided concerning the return to school for 2020-2021?

TEA has published multiple documents concerning health and safety. The District is actively monitoring guidance and adjusting policies to ensure a safe return for students and staff accordingly. Recent guidance provided by TEA contains information on four sets of practices that minimize the likelihood of viral spread, including some that are requirements for all schools and others that are recommendations. The practices include the following: Provide Notice (Requirements for parental and public notices), Prevent (Required practices to prevent the virus from entering the school), Respond (Required practices to respond to a lab-confirmed case in the school), and Mitigate (Recommended and required practices to reduce likely spread inside the school).

What happens if a health issue arises in a school?

If a health issue arises in a school, we already have the virtual platform established and students will transition as seamlessly as possible. The District will provide CDC aligned protocol for each campus to follow.

What will be done at the building level to make the environment safe?

Our protocols for cleaning will change -- dramatically. While our custodial staff has always performed exemplary work, they will now have extra resources and help. Their work schedules will shift, as well. Duties that were formerly performed in the late afternoon or evening will now become part of a campus's daytime routine, and will occur multiple times while students and staff are present.

How will this work be monitored?

FWISD Division of Operations is committed to ensuring our schools are safe, clean and disinfected. The District has an environmental manager who is:

Monitoring CDC guidelines to ensure the District is following the most current recommendations.

Providing additional training to custodians to instruct and reinforce cleaning procedures to effectively address coronavirus.

Adjusting custodial schedules so more of the workforce is available during the day in order to be constantly cleaning and disinfecting when employees and students are in the building.

The District is using an EPA approved disinfectant to kill the coronavirus, which is in compliance or exceeds the CDC guidelines.

- Custodial staff is cleaning and disinfecting door knobs, handrails, and other highly used surfaces during the day and at the end of each day.
- Assuring hand sanitizer dispensers are full and operational.
- Restrooms are being monitored throughout the day to ensure they are clean and are supplied with soap and other necessary supplies.

Presently, the deep summer cleaning of our schools is underway, which includes stripping and waxing floors as well as deep cleaning and disinfecting surfaces.

Will students be required to wear face coverings at school?

Yes, schools are required to comply with the governor's executive order regarding the wearing of masks. In addition to the executive order, school systems may require the use of masks or face shields for adults or students for whom it is developmentally appropriate.

Will the District provide Personal Protection Equipment (PPE)?

Yes. PPE will be made available to each campus and District facility including face coverings, gloves, and equipment required for wellness checks.

Tarrant County Back to School Roundup Pre-Registration

Families must pre-register for the drive thru event on Friday, Aug. 7. To qualify and register for free school supplies, families must [register online](#), show proof they live in Tarrant County and meet the 2020 Federal Poverty Guidelines. Listed below are ways to show proof of qualification. Registration opened July 1 and closes at midnight on July 24.

Families who pre-register will be given a voucher that will admit them into the Roundup and guarantee their school supplies on Aug. 7.

The person who pre-registers is not required to attend Roundup. In fact, the school supply voucher can be sent with any person to pick up the school supplies.

[Click Here to Pre-Register](#)

HERE IS WHAT YOU WILL NEED TO REGISTER

Families must show three documents along with their completed registration form to qualify for school supplies. A picture ID, proof of Tarrant County residency and proof they meet the 2020 Federal Poverty Guidelines.

Examples of what can be used for Picture ID

You may use any one of the following:

- Texas state driver's license
- Texas state identification card
- Military identification card
- Foreign consulate-issued identification (i.e. Matricula Consular)
- School, Employer work identification card
- Church ID card

Examples of what can be used for Proof of Tarrant County Residency

You may use any one of the following:

- May, June, or July 2020 utility bill (electricity, water, phone or gas) showing applicant name and current address.
- Mail sent to applicant showing applicant name and current address, with a postmark from either May, June, July 2020
- Letter from landlord or apartment management company, on company letterhead, indicating proof of residency during May, June, or July 2020

Examples of what can be used for Proof of Income

Families applying for free school supplies must meet 2020 Federal Income HHS Poverty Guidelines. You may present any of the following:

- Paycheck stubs from May, June, or July 2020
- Letter dated in May, June, or July 2020 on agency or company letterhead from an employer, welfare office, caseworker, or shown from a phone.

Social Security Administration Office indicating annual income and signed by an agent of the company or agency. Letter must include contact phone number for verification

- Letter or card showing participation or enrollment in Medicaid, SNAP, unemployment, disability or school free lunch program

Documentation provided above may be a printed copy, an electronic copy or photo

NOTICE

VIRTUAL PUBLIC MEETING

Ranch-to-Market 2871 (Longview Avenue/Chapin School Road)

From I-30 to US 377

CSJ: 2855-01-022

Tarrant County, Texas

The Texas Department of Transportation (TxDOT) is proposing to improve Ranch-to-Market 2871 (Longview Avenue/Chapin School Road) from I-30 to US 377 in Tarrant County, Texas. This notice advises the public that TxDOT will be conducting an online virtual public meeting on the proposed project. The virtual meeting will be held on **Aug. 6, 2020 at 6 p.m.** To log onto the virtual public meeting, go to the following web address at the date and time indicated above: www.txdot.gov Search: RM 2871. Project staff will give a presentation regarding the project. The pre-recorded presentation will include both audio and visual components. If you do not have internet access, you may call Ram Dhakal at (817) 370-3519 to ask questions about the project and access project materials at any time during the project development process. Formal comments may be provided by mail or email as explained below.

The proposed improvements to RM 2871 include reconstructing and widening the existing roadway to a 4-lane divided urban roadway with a 6-foot to 18-foot-wide raised-curb median from US 377 in the City of Benbrook north to I-30 in the City of Fort Worth for approximately 5.12 miles along RM 2871. Additional improvements being evaluated include an overpass bridge of RM 2871 over the Union Pacific Railroad (UPRR) and Aledo Road. The proposed project would enhance safety and mobility. The project would also include additional left- and right-turn bays, improvements to existing intersections, and bicycle and pedestrian accommodations on both sides of RM 2871. The project alternatives would require approximately 1 to 16 acres of additional right of way; depending on the alternative selected.

The proposed project would, subject to final design considerations, require additional right-of-way and potentially displace two commercial structures. Relocation assistance is available for displaced persons and businesses. Information about the TxDOT Relocation Assistance Program and services and benefits for displaced and other affected property owners, as well as information about the tentative schedule for right-of-way acquisition and construction, can be obtained from the TxDOT district office by calling (817) 370-3519.

Any maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are available online at www.txdot.gov Search: RM 2871.

TxDOT makes every reasonable effort to accommodate the needs of the public. The virtual public meeting will be in English. If you have a special communication accommodation or need for an interpreter, a request can be made. If you have a disability and need assistance, special arrangements can also be made to accommodate most needs. Please call (817) 370-6817 no later than **Aug. 4, 2020**. Please be aware that advance notice is requested as some accommodations may require time for TxDOT to arrange.

Written comments from the public regarding the proposed project are requested and may be submitted by mail to TxDOT Fort Worth District Office, Attention: Ram Dhakal, P.E., 2501 Southwest Loop 820, Fort Worth, Texas 76133. Written comments may also be submitted by email to Ram.Dhakal@txdot.gov. All comments must be received on or before **Aug. 21, 2020**. Responses to comments received will be available online at www.txdot.gov once they have been prepared.

If you have any general questions or concerns regarding the proposed project or the virtual meeting, please contact Ram Dhakal by phone at (817) 370-3519 or email: Ram.Dhakal@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019 and executed by the Federal Highway Administration and TxDOT.

Benbrook City Council Election Filing Period

The City of Benbrook General Election is scheduled for Tuesday, Nov. 3, to elect members of the Council in Places 2, 4 and 6. Candidate packets, information and calendars for the Nov. 3 election are available from the City Secretary's Office and by download.

Applications for a place on the ballot will be accepted from July 18 through Aug. 17 at 5 p.m.

The deadline to file an application for a declared write-in candidate is 5 p.m. on Aug. 23.

The Benbrook Library District Board of Trustees and the Benbrook Water Authority Board of Directors are separate entities of the City of Benbrook. Contact those entities for information on their General Election.

**AVISO
REUNIÓN PÚBLICA VIRTUAL**
Ranch-to-Market 2871 (Longview Avenue / Chapin School Road)
De la I-30 a la US 377
CSJ: 2855-01-022
Condado de Tarrant, Texas

El Departamento de Transporte de Texas (TxDOT) propone mejorar Ranch-to-Market 2871 (Longview Avenue / Chapin School Road) de la I-30 a la US 377 en el condado de Tarrant, Texas. Este aviso informa al público que TxDOT llevará a cabo una reunión pública virtual en línea sobre el proyecto propuesto. La reunión virtual se llevará a cabo el **6 de agosto de 2020** a las 6 p.m. Para iniciar una sesión en la reunión pública virtual, vaya a la siguiente dirección web en la fecha y hora indicadas anteriormente: www.txdot.gov Búsqueda: RM 2871. El personal del proyecto hará una presentación sobre el proyecto. La presentación pregrabada incluirá componentes de audio y visuales. Si no tiene acceso a Internet, puede llamar a Ram Dhakal al (817) 370-3519 para hacer preguntas sobre el proyecto y acceder a los materiales del proyecto en cualquier momento durante el proceso de desarrollo del proyecto. Los comentarios formales se pueden proporcionar por correo o correo electrónico como se explica a continuación.

Las mejoras propuestas a RM 2871 incluyen la reconstrucción y ampliación de la vía existente a una vía urbana dividida de 4 carriles con una mediana de bordillo elevado de 6 pies a 18 pies de ancho desde US 377 en la ciudad de Benbrook norte a I-30 en la ciudad de Fort Worth por aproximadamente 5.12 millas a lo largo de RM 2871. Las mejoras adicionales que se están evaluando incluyen un puente de paso elevado de RM 2871 sobre Union Pacific Railroad (UPRR) y Aledo Road. El proyecto propuesto mejoraría la seguridad y la movilidad. El proyecto también incluiría bahías adicionales para girar a la izquierda y a la derecha, mejoras a las intersecciones existentes y alojamientos para bicicletas y peatones en ambos lados de RM 2871. Las alternativas del proyecto requerirían aproximadamente 1 a 16 acres de derecho de paso adicional; dependiendo de la alternativa seleccionada.

El proyecto propuesto, sujeto a consideraciones de diseño final, requeriría un derecho de paso adicional y potencialmente desplazaría dos estructuras comerciales. La asistencia de reubicación está disponible para personas desplazadas y empresas. Puede obtener información sobre el Programa de asistencia para la reubicación de TxDOT y los servicios y beneficios para desplazados y otros propietarios afectados, así como información sobre el cronograma tentativo para la adquisición y construcción del derecho de vía en la oficina de distrito de TxDOT llamando al (817) 370-3519.

Todos los mapas y dibujos que muestran la ubicación y el diseño del proyecto, los horarios tentativos de construcción y otra información sobre el proyecto propuesto están disponibles en línea en www.txdot.gov Buscar: RM 2871.

TxDOT hace todos los esfuerzos razonables para satisfacer las necesidades del público. La reunión pública virtual será en inglés. Si tiene una adaptación de comunicación especial o necesita un intérprete, puede hacer una solicitud. Si tiene una discapacidad y necesita asistencia, también se pueden hacer arreglos especiales para satisfacer la mayoría de las necesidades. Llame al (817) 370 6817 a más tardar el 4 de agosto de 2020. Tenga en cuenta que se solicita un aviso por adelantado, ya que algunas adaptaciones pueden requerir tiempo para que TxDOT lo arregle.

Los comentarios escritos del público sobre el proyecto propuesto se solicitan y pueden enviarse por correo a la Oficina de Distrito de TxDOT Fort Worth, Atención: Ram Dhakal, PE, 2501 Southwest Loop 820, Fort Worth, Texas 76133. Los comentarios escritos también pueden enviarse por correo electrónico a Ram.Dhakal@txdot.gov. Todos los comentarios deben recibirse antes del 21 de agosto de 2020. Las respuestas a los comentarios recibidos estarán disponibles en línea en www.txdot.gov una vez que se hayan preparado.

Si tiene alguna pregunta o inquietud general sobre el proyecto propuesto o la reunión virtual, comuníquese con Ram Dhakal por teléfono al (817) 370-3519 o por correo electrónico: Ram.Dhakal@txdot.gov.

La revisión ambiental, la consulta y otras acciones requeridas por las leyes ambientales federales aplicables para este proyecto están siendo o han sido realizadas por TxDOT de conformidad con 23 U.S.C. 327 y un Memorando de Entendimiento fechado el 9 de diciembre de 2019 y ejecutado por la Administración Federal de Carreteras y TxDOT.
